# OUR SERVICES

Images of an Emerging Leader start developing just after conception. These images some created by yourself, others by your environment will shape who you are throughout your life. To achieve success, you need to be aware of what sort of images are being created and whose responsibility it is at specific stages of life. We have identified a Life Timeline Principle that will help you achieve just that.

The Life Timeline Principle is an expectation of what events an individual is expected to undergo as they grow from infancy. It is like a template and God has placed grace in each bracket to enable you achieve certain milestones within those boundaries.

Whether your goal is personal or professional growth to achieve a total transformation, the journey of leadership is locked within these age brackets.

We stand ready to support you in the awareness of your self-identity. With a structured strategy, consistent effort, and a supportive network of like-minded individuals, you'll navigate the path of several life's images and lessons for effective leadership to help effecting meaningful change with every step forward.

# OUR SERVICES

## 1. SPEAKING ENGAGEMENT

Empower your audience to embody the leadership qualities they aspire to follow. A speaker has the potential to ignite enduring transformation extending far beyond the confines of the event space.

Whether seeking a keynote address or specialized expertise in leadership, our speakers provide diverse options to engage and inspire your audience.

## 2. TAILORED ORGANIZATION LEADERSHIP TRAINING

Explore our executive and leadership development coaching services tailored for individuals, organizations, and companies.

## 3. IMAGING EMERGING LEADERS (IEL) EXPERIENCE

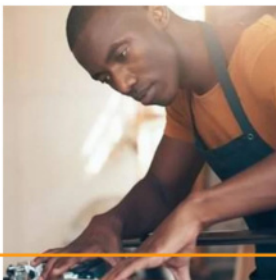

This is a complete training and coaching program for Christian leaders to impact families, organizations and communities. The program involves practical sessions for self-identity, tools for personal development, effective and efficient leadership.

The process involves enrollment into the program, **training, coaching,** and **support.**
